EDUCATION

Pratibha College of Commerce and Computer Studies, Chinchwad, Pune

B.Sc. in Computer Science – CGPA: 7.28

2021 – 2025

Pimpri-Chinchwad, Pune

PROJECTS

Chatbot using Gemini API | Python, Google Gemini, Jupyter Notebook

- Built an AI-powered chatbot leveraging Google Gemini API for real-time, conversational responses.
- Implemented secure key management using dotenv and prompt optimization for improved UX.
- Showcased expertise in API integration and LLM-based interaction design.

AI Dialogue Orchestrator | Python, LangGraph, LangChain, OpenAI, Gemini API

- Developed a modular AI workflow system capable of managing multi-step conversations.
- Integrated LangGraph with LangChain tools and LLMs (OpenAI & Gemini) for dynamic orchestration.
- Demonstrated advanced use of memory modules, looping logic, and multi-agent control.

JobBot – AI Mock Interview Assistant | Python, Streamlit, Google Gemini API

- Developed an AI-driven interview simulator generating personalized questions based on user data.
- Produced real-time feedback and scoring via Gemini API.
- Designed a clean and interactive interface in Streamlit for seamless user experience.

TECHNICAL SKILLS

Languages: Python, SQL (MySQL, PostgreSQL), JavaScript

Frameworks & Tools: HTML, CSS, MongoDB, Jupyter Notebook, n8n, MCP

Developer Tools: VS Code, PyCharm, IntelliJ IDEA, Cursor, Git-GitHub, Google Colab

AI/ML Tools: LangChain, LangGraph, Hugging Face Transformers, OpenAI/Gemini APIs, Pinecone

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate – Oracle
- Generative AI with Google Gemini – Udemy
- Software Testing – Udemy
- Understanding APIs and RESTful APIs – Udemy
- React and Redux Certification Test – Complete Coding
- AI Engineer Course – Complete AI Engineer Bootcamp – Udemy

ACHIEVEMENTS

- 3rd Place – “AI Powered Pratibha Wizardry” App, Explorer Intercollegiate Project Competition
